The Indian Water Works Association (IWWA) was established in 1968 and registered in India (under the Societies Registration Act of 1961) with its headquarter in Mumbai at the address given above. It has a large membership spread throughout the country, connected through a network 32 local centres at Ahmedabad, Bangalore, Vadodara, Mumbai, Kolkata, Hyderabad, Indore, Jodhpur, Lucknow, Chennai, Nagpur, New Delhi, Pune, Srinagar, Guwahati etc.

Activities :

Publication of a Quarterly Journal:

The Journal of Indian Water Works Association, the only of its kind in the country, is a widely read magazine and carries articles of high technical value contributed by experts in the field of Water Works and Waste-water Engineering and Management. Its other features cover Notes & News (Indian and overseas), Reviews of publications, Latest product Information, etc.

Publication of a Bulletin : “Midstream”

This covers the activities carried out by different Centres of IWWA and News in this field.

Publication of Manuals :

IWWA publishes manuals on subjects of practical interest to professional water & Waste-water personnel.

Holding of National Conventions :

IWWA holds annually in January or February in important cities. Conventions which attract a large assembly of delegates from all over the country for a fraternal get together and exchange of views, apart from discussions on the high quality technical papers presented at the Convention. Experts from overseas are also invited to participate in and address the Conventions. As a part of the Convention, technical visits to important water and Waste-water installations nearby and exhibitions of latest technologies, plant and equipment connected with water and waste-water works engineering are arranged.

The Association also conducts :

Refresher courses on specific topics for persons practising in the water and sanitation sector.

Special Conferences in association with International Organisations and Agencies and also under the aegis of International Water Association and the Association of South Central and West Asian Countries (ASCEW). Global Water partnership etc.

Lecture meetings, site visits, film shows etc. in which members attached to different centres participate locally.

Other features of the Association are :

It has close relations with overseas Water & Waste water Associations and actively participate in the programmes in different parts of the world jointly under taken with them.

It assists Bureau of Indian Standards in preparing standards for various items connected with water supply and waste-water technology.

It undertakes research & development activities through its R & D Centre established at Nagpur.

Membership of the Association is available to :

Water, waste-water and irrigation engineers holding a Degree or Diploma and working with design, construction, operation and maintenance of water and sewerage works - e.g. dams, reservoirs, headworks. canals, wells, etc.

Chemists, Bacteriologists, Biologists, Hydrogeologists administrators working for water supply, irrigation and sewerage works.

Teaching Staff members of Engineering Colleges and those of Research Institutions connected with the subjects of water supply, irrigation, waste-water and hydraulic engineering.

Engineers working with manufacturers and suppliers of materials equipment and instruments used in water and sewerage works, e.g. pumps, pipes, valves, meters and accessories, plumbing fixtures, etc.

Sanitary engineers practising in domestic and industrial plumbing.

Organisations - Govt./Private involved in design, construction, operation, maintenance, financing, administration and management of water supply, irrigation, hydro-electricity and sewerage systems.

Manufactures and Suppliers of Materials & Equipment used in Water Supply & Waste Water Systems.

Students of Science and Engineering colleges and even those who may not have the qualification necessary for regular membership but have interest and work experience in water related subject. They can become Student and Associate members respectively.

Join the Indian Water Works Association as its 'Organisation Member' and get the following benefits for your Company/Organisation.

- your company will have the opportunity to be with a family of professionals, well-versed in the field of water and waste water engineering. This can help it in furthering its prospects and career in these fields. I.W.W.A. is the largest professional-cum-trade Organisation of its kind in South and Central Asia.
 - your company can depute two representatives to attend several technical lecture meetings and participate in other programmes, such as film shows, Construction site visits, etc., arranged by the local centre to which it will be attached and update their information and knowledge in its chosen field.
 - your company can send two representatives to attend seminars, symposia, workshops and exhibitions organised by the local centres of I.W.W.A. as well as the Annual Convention of the Association, and meet various professionals/experts from India and abroad. This can result in improvement of their career in the field of water and waste water engineering.
 - your company will receive (free of cost) the quarterly issues of the journal of I.W.W.A. which contain articles of current interest and those of lasting value written by experts in this field, which will guide you in various aspects of your profession. Your company can also contribute short articles of interest to other fellow members and see your written word in print.
 - your company will receive an informative News letter 'MIDSTREAM' along with the journal of I.W.W.A.
 - your company will get useful publications of I.W.W.A. at concessional rates, which can guide your staff in their day-to-day work.
 - your representatives will have free access to I.W.W.A.s library, at Mumbai stocked with a large number of publications on water-related subjects.
 - The admission and one time subscription fee is Rs. 2000/- (\$ 250) and Rs. 15000/- (\$ 5000) respectively-quite low compared to the benefits and the fees charged by many others.
 - A company which is an Organisation Member of I.W.W.A. can get a discount of 10% in advertisement charges, (see table below) for publication of its advertisement in the journal of the Association, if it sends the release order and payments directly (i.e. not through any agency) to I.W.W.A.
-
